

# I Know A Man

Peter & Gordon

I know a man who's so rich  
That he says he's gonna take you from me  
I know a man who's so rich  
That he's got me scared as can be

I'll look for a hideout where we could hide away  
But I'm so scared my hair is turning to grey  
Oh, I can find a place that's gonna do  
And he says he'll show all his money to you

I know a man who's so rich  
That he's coming here to take you from me  
I know this man who so wants  
Gonna bring us all this misery

I wanna shoot him dead  
And spend all his money on you  
But if I do and the law gets me too  
What will your life be to you?

You gotta tell this man  
My honey lamb  
To take all his money and scram  
To take all his money and scram

I know a man who's so rich  
That he says he's gonna take you from me  
I know a man who's so rich  
That he's got me scared as can be

I'll look for a hideout where we could hide away  
But I'm so scared my hair is turning to grey  
Oh, I can find a place that's gonna do  
And he says he'll show all his money to you

I know a man who's so rich  
That he's coming here to take you from me  
I know this man who so wants

I wanna shoot him dead  
And spend all his money on you
