Someone Ain't Right

Peter & Gordon

Someone is gettin' in trouble
Someone hasn't seen the light
Someone better get on the double
That someone is you
'Cause you ain't treatin' me right

Someone is havin' a ball
Someone is always out of sight
Someone is never home when I call
That someone is you
'Cause you ain't treatin' me right

Get stuck together, baby
Tell me what you gonna do
Don't think you're clever
Because you're never
Free, free

Someone really thinks I'm fine
Someone gotta tell me tonight
Someone better tell me she's mine
That someone is you
'Cause you ain't treatin' me right

Get stuck together, baby
Tell me what you gonna do
Don't think you're clever
Because you're never
Free, free

Someone is gettin' in trouble
Someone hasn't seen the light
Someone better get on the double
That someone is you
'Cause you ain't treatin' me right

Someone, someone
I said someone, I said someone
Oh, someone, I said someone
I said someone, I said someone
