

# Tears Don't Stop

Peter & Gordon

If you see, my baby  
Say that I-I-I-I-I, I knew that I was wrong  
If you see a young girl cryin'  
You will know her love has gone

You may see a lonely teardrop  
If one falls, another comes  
And tears don't stop  
They're never gonna stop

On the day I left my baby  
I felt that I-I-I-I-I, I had enough  
Every sunset brought a quarrel  
The scene was gettin' very rough

I often felt a lonely teardrop  
If one falls, another comes  
And tears don't stop  
They're never gonna stop  
They're never gonna stop

Pretty soon I realized that I'm sorry  
That I left in such a hurry  
Sky grows darker day by day  
Soon everyone will hear me say

If you see my baby  
Say that I-I-I-I-I, I knew that I was wrong  
If you see a young girl cryin'  
You will know her love has gone

You may see a lonely teardrop  
If one falls, another comes  
And tears don't stop  
Tears don't stop  
Tears don't stop
