

Don't Walk Away

Peter Green

Don't walk away from me
I hate to see you go
Don't walk away from me
Can't you take me as I am

I miss your smile in the morning
I miss your laughter too
Don't walk away from me
I don't want to go on without you

Don't walk away from me
When you're my only friend
Am I the last to see
This could be the end

When we were young
We had the best there was around
But lost in time are all the good things
We once found

Your sounds will still surround me
Your whiter shade of pale
Don't walk away from me
I don't want to go on without you

Like passing in a doorway
Soon lost and out of view
Don't walk away from me
I don't want to go on without you
Don't walk away from me
I don't want to go on without you
