

I'm Ready for You

Peter Green

Do you remember me
I'm waiting at your door
You said you'd take me in
If I was rich or poor
Well here I am
Coming back to see
If there's any truth
Or reality
Yeah I'm ready
I'm ready for you

Open up your heart
C'mon and let me in
Please don't turn away
And hide your love again
So believe me now
I'm on my knees
Going to try real hard
To Please
I'm ready
I'm ready for you

Might be lies you give to me
But I believe in what you say
I'll close my eyes and turn my back
We can go our separate ways

Might be lies you give to me
But I believe in what you say
I'll close my eyes and turn my back
We can go our separate ways

Will you remember me
You set my heart on fire
Through the midnight hours
You're my one desire
So call me up on the telephone
You never have to be alone
Yeah I'm ready
I'm ready for you
Yeah I'm ready
I'm ready for you
