

Smile

Peter Green

In your life
You deserve more than me
I ain't never lived up to
The man I shoulda been

Yes in your life
I have squandered your love
But if you go that extra mile
I'm gonna make it worth your while

I'll put the smile back on your face
Take all your troubles away
I'll put the smile back on your face
Take all your troubles away

In my life
I've been out on the chase
Now I've come back to you
Am I in the right place?

(Oh let me)

Put the smile back on your face

I'll put the smile back on your face
Take all your troubles away
I'll put the smile back on your face
Take all your troubles away
