

Time for Me to Go

Peter Green

well, i lift up my head to another lonely day
then i show you my face, now you hear the words i say
baby, now it's over, yes, it's all over
lord, i take up my soul, it's time for me to go
i put on my shirt for another lonely day
see the sweat and the dirt that the tears won't wash away
and it's over, lord, it's all over
yes, i take up my soul, it's time for me to go
yes, i tell you it's over, lord, it's all over
you know i take up my soul, it's time for me to go
yes, it's all over
you know i take up my soul, it's time for me to go
i gave you my all and i can't give you any more
you can take back my breath and find me some other whore
i tell you it's over, yes, it's all over
lord, i take up my soul, it's time for me to go
yes, i lift up my head to another lonely day
then i show you my face, now you hear the words i say
well, i tell you it's over, yes, it's all over
lord, i take up my soul, it's time for me to go
