

# More Than Hands Can Hold

Peter Hollens

Looking back at all the years past  
Moments in December, what do you remember  
Can you hold the gifts of Christmas  
In your hands

Do you cherish all the memories  
Laughing with your loved ones  
Sharing joy with someone  
Do you hold the gifts of Christmas  
In your hands

Open up your heart and give yourself  
Feel the hope in helping someone else  
And let us shine the light of love this Christmas  
Let us find the time to share between us  
Eye to eye  
With our hearts open wide  
To more than what our hands can hold this Christmas

You don't need the lights, the presents  
You will find the spirit listen and you'll hear it  
From those without means or fortunes  
In their hands

Open up your heart and give yourself  
Feel the hope in helping someone else  
And let us shine the light of love this Christmas  
Let us find the time to share between us  
Eye to Eye  
With our hearts open wide  
To more than what our hands can hold this Christmas

Open up your heart and give yourself  
Feel the hope in helping someone else  
And let us shine the light of love this Christmas  
Let us find the time to share between us  
Eye to eye  
With our hearts open wide  
To more than what our hands can hold

So let us shine the light of love this Christmas  
Let us find the time to share between us  
Hand in hand  
May we all understand  
Treasures that the heart can hold at Christmas  
And more than what our hands can hold this Christmas  
Hark! The herald angels sing  
Glory to the newborn King
