

Sunshine Forever

Peter Maffay

I saw the sunrise on the city
I never knew a town could look so god damn pretty
Tired faces up so early
I'm waiting for the trains to come
Another day has just begun

Sunshine forever
Please don't leave us to the rain
Warm, sunny weather
Bring the sunshine back again

Made my mind up to take a train ride
See myself a piece of genuine countryside
Now the day was growing cooler
I knew I had to get away
A ticket down to old L.A.

Sunshine forever
Please don't leave us to the rain
Warm, sunny weather
Bring the sunshine back again

How the beach looks so gold and brown
You and me, the sea and the sand

Sunshine forever
Please don't leave us to the rain
Oh no, warm, sunny weather
Bring the sunshine back again
Sunshine forever
Please don't leave us to the rain
Warm, sunny weather
Bring the sunshine back again
