

# The Big Machine

Peter Maffay

Oh girl, I want your arms around me good and tight  
Yeah, the big machine  
Back to from this highway we'll be racing tonight  
Yeah, the big machine  
So come on, baby  
Come with me, girl  
We're almost ready to go

Won't you ride behind me on the big machine?  
Girl, I want you with me on the big machine  
Let me get you up here on the big machine  
Won't you ride behind me on the big machine?

Flying down the highway, honey, you and me  
Yeah, the big machine  
We'll leave the pack away behind us, wait and see  
Yeah, the big machine  
So get on baby, lever up, girl  
You know, we're ready to go

Won't you ride behind me on the big machine?  
Girl, I want you with me on the big machine  
Let me get you up here on the big machine  
Won't you ride behind me on the big machine?

Yeah, the big machine  
Yeah, the big machine  
So get on baby, lever up, girl  
You know, we're ready to go  
Come on, on the big machine  
Come on, on the big machine  
Come on, on the big machine  
Come on, on the big machine

Oh, you can feel the power of the silver steed  
Yeah, the big machine  
You can close your eyes and you feel the wind of speed  
Yeah, the big machine  
So hang on, baby  
Up we go, girl  
The fun has almost begun

Won't you ride behind me on the big machine?  
Girl, I want you with me on the big machine  
Let me get you up here on the big machine  
Won't you ride behind me on the big machine?  
Won't you ride behind me on the big machine?  
Girl, I want you with me on the big machine  
Let me get you up here on the big machine  
Won't you ride behind me on the big machine?  
Won't you ride behind me on the big machine?  
Girl, I want you with me on the big machine  
Let me get you up here on the big machine  
Won't you ride behind me on the big machine?
