

# You

Peter Maffay

Your eyes, they tell me all the things you mean to say  
I feel the same way as you  
You are the first girl to count in my life  
I, I live only for you

You alone are all I have in this world  
You alone, you, you're my girl

You, only you can understand  
You, you say I'm your only man

My life has changed since the day that we first met  
You brought the sun to my day  
All through my life, girl, I'll stay by you  
Please say you always will stay

You alone are all I have in this world  
You alone, you, you're my girl

You, only you can understand  
You, you say I'm your only man

Girl, I want to tell you something  
That I've never told to any other girl before  
No, not to any other girl  
I love you, yes, I really love you  
And I will always love you  
Always, always, only you

No matter what we both go through  
One thing is true  
My only love is you, is you, is you

I can't explain the things you mean to me  
Words, they are just, just not enough  
Without your love, girl, I know that I'm lost  
I just live for your love

You alone are all I have in this world  
You alone, you, you're my girl

You, only you can understand  
You, you say I'm your only man  
(You, only you can understand)
