Dig Your Man

Peter McPoland

Help I think there's something going on
Between you and me I lost my cool
Well, there's probably nothing really wrong
I keep dreaming I keep drowning in the pool
Then you kiss me
Oh you kiss me back to life
You hang me up to dry
You call me Jesus Christ
And then you damn me
You damn me now to die
I love you

You better get quick kid you're going out of style
Going out of style
Going out of style
You better get quick kid you're going out of style
Going out of style
Going out of style

Listen honey
Can you dig your man?
Did you hear me?
I said listen honey
Can you dig your man?
Hey fellas, listen up
You want your girl to love you right?
You want her to dig her man?
Where'd the drums go boys?
Where's the electric guitar?
Pick it up
She needs "cool"
She needs to dig her man
Listen

You better get quick kid you're going out of style
Going out of style
Going out of style
You better get quick kid you're going out of style
Going out of style
Going out of style

You will hear it
You will fear it
But you need to understand the beat
Hear it?
You will fear it
But you need to understand the beat
Hear it?
You will fear it
But you need to understand the beat
There's power
Emotion
When you come to understand the beat

You better get quick kid you're going out of style
Going out of style
Going out of style

You better get quick kid you're going out of style
Going out of style
Going out of style
