

Dog

Peter McPoland

Damn fucking dog's ears perk up when the hinges squeak
Damn fucking dog keeps his head down, good boy, don't speak
Damn fucking dog breathes so loud, it's screaming to me
Damn fucking dog, drool dripping off of his snout
Stop breathing, please
Stop breathing, please
Stop breathing

Damn fucking dog, lock him away so I never see
Damn fucking dog whimpering, growling, bad boy, don't speak
Damn fucking dog crying, wakes me up, makes me mean
Damn fucking dog, dirty mutt, that's enough, stop breathing, please
Stop breathing, please
Stop breathing

Damn fucking dog jumps on me and I scream and whine
Damn fucking dog, claws in me, and he bit too hard this time
Damn fucking dog, rotten leash, this is it, he leaves me to lie
Damn fucking dog watches me as I stop breathing
Stop breathing
Stop breathing
Stop breathing
Stop breathing
