Eloise

Peter McPoland

Good morning Eloise
What did they do?
What has your country ever done for you? Aha
Stop mourning Eloise what did they say?
Tomorrow babe is a brand new day aha
You've seen the fires in the west oh yes
You've seen the liars on the movie sets
Now would you die for the mouths unfed?
Woah-oh Eloise

Good evening Eloise where did you go?
I hope to God not to the Lord's big boat
Stop grieving Eloise, the world is free
Stop reading up on who we used to be
I've seen you publish all the lies poor girl
I've seen the rubbish that you cry over
How can you stomach all the dying world?
Oh-oh Eloise

Goodnight now Eloise I miss you lots
It's been so hard since the world forgot (oh-ho)
I'll try now Eloise to change what's wrong
I'll try for you and I'll write your song
You saw the trouble in my eyes
You saw the rubble and you heard the cries
Oh how I've crumbled now my mind is gone
O-o-o Eloise
