

I Need You

Peter McPoland

Why is there a pounding in my brain?
Why is it starting to feel good?
What is that sound you're playing?
Why is it starting to feel good?

Why is there something in my eye?
Why is it starting to sink in?
Why am I happy? It's making me cry
Why? 'Cause it's starting to sink in

Starting to sink in
Starting, starting to sink in
Starting to sink in
Starting to sink in, starting

Starting to sink in
Starting to sink in
Starting to sink in
Starting to sink in
Starting to sink in
Starting to sink
Starting to sink

Why are you looking at me?
How are you holding it together?
Look at me, baby, I'm starting to bleed
I need you to hold me together
What is there left of me?
How are you holding it together?
Watch me, baby, you're watching me bleed
I need you to hold me together

I need you, I need you, I need you, I need you, I need you
I miss you, I miss you, I miss you, I miss you, I miss you, I miss you
I love you, I love you, I love you, I love you, I love you
I need you, I need you, I need you, I need you, I need you

I need you, I need you, I need you, I need you, I need you
I miss you, I miss you, I miss you, I miss you, I miss you, I miss you
I love you, I love you, I love you, I love you, I love you
I need you, I need you, I need you, I need you, I need you

I need you, I need you, I need you, I need you, I need you
I miss you, I miss you, I miss you, I miss you, I miss you, I miss you
I love you, I love you, I love you, I love you, I love you
I need you, I need you, I need you, I need you, I need you

I need you, I need you, I need you, I need you, I need you
I miss you, I miss you, I miss you, I miss you, I miss you, I miss you
I love you, I love you, I love you, I love you, I love you
I need you, I need you, I need you, I need you, I need you

I need you, I need you, I need you, I need you, I need you
I miss you, I miss you, I miss you, I miss you, I miss you, I miss you
I love you, I love you, I love you, I love you, I love you
I need you, I need you, I need you, I need you, I need you
