

# To The Big Sleep

Peter McPoland

Crucify me  
Well hang my halo on the wreck  
Well cut me up and deny me  
Oh fellas, I'm not comin' back

Well I don't need those human lies  
Hey look, ma, there's no tears in my eyes  
Oh boy, I've patched you up  
Oh, my dear, yes I have loved and loved

Well take me up and set me down  
There ain't no big life for a small Bethlehem town  
Tell me why oh why must we all sit and cry  
To the big sleep here we come

(Oh one, two, three, four)

Fry me up for dinner  
Well fill your vineyards with my veins  
There's nothing worse other than a wasteful person  
Why the Bible says it just the same

And ain't it such a way to go  
C'mon boys let's all catch the show  
Oh my God, come pick me up  
We ain't got time for eternity of love

Well take me up and set me down  
There ain't no big life for a small Bethlehem town  
Tell me why oh why must we all sit and cry  
To the big sleep here we come

Oh mama you're a wreck  
Lean down and kiss me mama hangin round your neck  
Listen mama, listen  
To what the angels sing

From the big sleep, here he comes  
Take my halo off the shelf and sew me up mama  
Cause I'm coming back

Well take me up and set me down  
There ain't no big life for a small Bethlehem town  
Tell me why oh why must we all sit and cry  
To the big sleep here we come  
To the big sleep here we come  
To the big sleep here we come  
To the big sleep here we come
