

## The different story

Peter Schilling

I'm so lonely on my way,  
Waiting for a better day.  
Only one thing left behind:  
A world of lust and crime.

There's no place for me to hide.  
I don't know what's wrong or right.  
Pain and sorrow in my mind;  
A world of lust and crime.

See the wiseman in the graveyard;  
Screaming play the different story.  
Lonely people in his Soul, Heart  
Know the answer just for everything.

Love turns a friendly card.  
With a different story it'll open your heart forever,  
Love is a endless game.  
You don't have to worry 'cause it's easy to play.

There's a chance for me and you,  
Making all our dreams come true.  
Trust enough and you won't find  
A world of lust and crime.

See the wiseman in the graveyard;  
Screaming Play the different story.  
Lonely people in his Soul, Heart  
Know the answer just for everything.

Love turns a friendly card.  
With a different story it'll open your heart forever.  
Love is a endless game.  
You don't have to worry 'cause it's easy to play.

See the wiseman in the graveyard;  
Screaming play the different story.  
Lonely people in his Soul, Heart,  
Know the light of hope and glory.
