

## Fire Fire

Peter Tosh

Would you kindly reduce the temperature on this earth,  
it's too hot down here]  
Fire fire, fire fire, fire fire, they have no water  
Babylone burning, babylon burning, babylon burning, they  
have no water  
Come on you weary souls  
A who you tellin' again  
All you weary souls  
Who you gonna run to, who you gonna run to, who you gonna  
run to, ain't have no mercy  
Stand up and fight it  
Stand up and fight it  
Stand up and fight your fight and a-give me freedom  
Come on and tell the truth  
Why you been treating me crude  
See the fire burning  
And you don't know where you're turning
