

# Love

Peter Tosh

Love, love  
Let every little thing I do with love  
And every little thing I say with love  
Let every little thing I do with love  
And every little thing I say with love

True True love, love

Sweet Sweet love, love

Holding me this way with love  
Keeping me this way with love  
The way you holding me this way with love  
Is justa keeping me this way with love

Sweet sweet love, love  
True true love, love

Love, sweet love  
True love, love

We gotta reef somewhere with love  
And everybody got to be there with love  
We gotta reef somewhere with love  
And everybody got to be there with love

True, true love, love

Sweet, sweet love, love

True true love, love

Sweet, Sweet love, love

Sweet love... true love
