

Apple TV Remote

Petey USA

Yeah, we only keep in touch via Venmo
Saw you had lunch with so and so
Then you saw a movie with your cousin
Eatin' popcorn, then your phone starts buzzin', oh

Apple TV Slideshow
Yeah, we can never find the remote
See, I don't need you anymore
Check the couch, man, check the floor

Never doin' this again
And I can't feel my fingertips
Guess I didn't eat dinner
Frothin' at the mouth, lookin' like a real winner, woo-hoo

At the warehouse party
At the warehouse party
Same damn warehouse party
But you ain't standin' right in front of me

Decant my blood, decant my blood
Cut off my fingers and leave my thumbs
'Cause I need more oxygen in my lungs
Runnin' 'round town, givin' two thumbs up

Yeah, everything I write sounds dumb
Came to kick some ass and now I'm fresh out of gum
"Remember when" ain't even a conversation
Hate where we all at, so we go back to where we're from

Now we only keep in touch via Venmo
Saw you had lunch with so and so
Then you saw a movie with your cousin
Eatin' popcorn, then your phone starts buzzin'

It ain't me on the other end
It ain't me on the other end
It ain't me on the other end
Not fuckin' up now, not givin' in
