"This is really important to me"  
You wouldn't say if it wasn't, it just is  
I want you to feel how I feel when I listen to this song  
Is something wrong?  
You haven't been talking too much  
Your hand on the wheel and your foot on the clutch  
Oh, I wanna learn to drive like that  
Yeah, I really wanna drive like a badass

This is really important to me  
I wouldn't say if it wasn't, it just is  
I want you to feel how I feel when I watch this movie  
So what are you doing tonight?  
Do wanna come over and watch it?  
A man with depression made friends with an octopus  
That could be you and me  
Oh, that could be all of us, let it be

This is isn't really important to me  
I can't explain it, but it isn't, it just is  
I don't really feel how you feel when I visit this place  
So why are you making that face?  
I was in a different place in my life  
In a different space, in a different time  
And I didn't really like it

This isn't really important to me  
I can't explain it but it isn't, it just is  
I don't really feel how you feel when we listen to this song  
When nothing's wrong, I just wanna be quiet right now  
But if you wanna learn to drive  
I could show you how  
You say wanna learn how to drive stick shift?  
Oh, yeah  
We must have grew up different

We must have grew up different  
We must have grew up different  
We must have grew up different  
We must have grew up different...
