

Creation Comes Alive

Petit Biscuit

Don't know if I should hold you
Don't know if I should scold you
What do I do with you?
Lay with you on Wednesday night
Or should I cut you out my
What do I do with you?
How do you still let me down
Keeping me safe and sound
What do I with you?
Are you the cure I need
Or are you what's killing me
What do I do with you?
What do I do with you?
