

## Battle Cries

Peyton Parrish

We will march into the night  
Let the fear sink in their eyes  
We will roar our battle cries  
The oath we shall carry strong  
Rally up the swords and shields  
Fight until the blood is fields  
For the honor I decree  
The heavens is on our side  
We will march into the night  
Let the fear sink in their eyes  
We will roar our battle cries  
The oath we shall carry strong  
Rally up the swords and shields  
Fight until the blood is fields  
For the honor I decree  
The heavens is on our side  
We will march into the night  
Let the fear sink in their eyes  
We will roar our battle cries  
The oath we shall carry strong  
Rally up the swords and shields  
Fight until the blood is fields  
For the honor I decree  
The heavens is on our side
