

Dane

Peyton Parrish

The darkness comes alive
Feeding on me
The howling Norse inside
Overtakes me

The time has come to stand and fight
Draw your axes, let them fly
Unleash the warrior you've become
And fight

Rise up, rise up, it is time for war
Indestructible fortitude, wielding powers of Thor
Rise up, rise up, it is time for war
Indestructible fortitude, wielding powers of Thor

I've got the heart of a warrior, heart of a Dane
Nothing can stop me, move out of my way
Bloodlust is rising, hurricane in my veins
We are, we are, we are Vikings
I've got the heart of a warrior, heart of a Dane
Nothing can stop me, move out of my way
Bloodlust is rising, hurricane in my veins
We are, we are, we are Vikings

The sickness all around
Infests me
And chaos inside
Runs through me

The time has come to stand and fight
Draw your axes, let them fly
Release the warrior you've become
And fight

I've got the heart of a warrior, heart of a Dane
Nothing can stop me, move out of my way
Bloodlust is rising, hurricane in my veins
We are, we are, we are Vikings
I've got the heart of a warrior, heart of a Dane
Nothing can stop me, move out of my way
Bloodlust is rising, hurricane in my veins
We are, we are, we are Vikings

I've got the heart of a warrior, heart of a Dane
Nothing can stop me, move out of my way
Bloodlust is rising, hurricane in my veins
We are, we are, we are
I've got the heart of a warrior, heart of a Dane
Nothing can stop me, move out of my way
Bloodlust is rising, hurricane in my veins
We are... Vikings

I've got the heart of a warrior, heart of a Dane
Nothing can stop me, move out of my way
Bloodlust is rising, hurricane in my veins
We are, we are, we are Vikings
I've got the heart of a warrior, heart of a Dane

Nothing can stop me, move out of my way
Bloodlust is rising, hurricane in my veins
We are, we are, we are Vikings
