

# I Stand Alone

Peyton Parrish

Like every tree stands on its own  
Reaching for the sky  
I stand alone  
I share my world  
With no one else  
All by myself  
I stand alone

I know the sound of each rock and stone  
And I embrace what others fear  
You are not to roam in this forgotten place  
Just the likes of me are welcome here

Everything breathes  
And I know each breath  
For me it means life  
For others it's death  
It's perfectly balanced  
Perfectly planned  
More than enough for this man

Like every tree stands on its own  
Reaching for the sky  
I stand alone  
I share my world  
With no one else  
All by myself  
I stand alone

I've seen your world with these very eyes  
Don't come any closer  
Don't even try  
I've felt all the pain  
And I've heard all the lies  
In my world there's no compromise

Like every tree stands on its own  
Reaching for the sky  
I stand alone  
I share my world  
With no one else  
All by myself  
I stand alone

All by myself I stand alone  
All by myself I stand alone
