

Jormungandr

Peyton Parrish

Don't you let the tail out, don't you let it scream
Don't you let the sky turn to midnight

To the tides, thief in the night
The great serpent stretched afar
Slid through and through, beast in the dark
The world serpent comes alive

Who comes before me?
You know who I am?
You think you can kill me?
This ends now

Jörmungandr, Jörmungandr
Jörmungandr, swimming through the venom like
Jörmungandr, Jörmungandr
Jörmungandr, the serpent who covers the sea
Welcome to the nine realms
Destroyer casted away into the seas
Jörmungandr, Jörmungandr
Jörmungandr, the end of the earth is near

Don't you let the tail out, don't you let it scream
Don't you let the sky turn to midnight

To the tides, thief in the night
The great serpent stretched afar
Slid through and through, beast in the dark
The world serpent comes alive

Who comes before me
You know who I am?
You think you can kill me?

Jörmungandr, swimming through the venom like
Jörmungandr, Jörmungandr

Welcome to the nine realms

Jörmungandr, Jörmungandr
