

KABOOM

Peyton Parrish

You are overrun
Get out
I repeat, get out

The zombies coming after me
Better put them out of their misery
The wretch, the evil eyes
You reap of the wicked soul demise
Won't let you bite me
Won't care if it's bloody
Can feel the fiery night

Feel the anger inside
There's storm in my mind
Was I wrong to justify
Was I right to rectify
Feel the anger inside
There's storm in my mind
Was I wrong to justify
Was I right to rectify

Ah, we're overrun, we need backup!
Negative
You are completely surrounded and overrun

Kaboom

So I won't go down without a fight
Bring it on me
Oh I won't let myself burn
With the world
With the world

Feel the anger inside
There's storm in my mind
Was I wrong to justify
Was I right to rectify
Feel the anger inside
There's storm in my mind
Was I wrong to justify
Was I right to rectify

Max ammo
Fetch me their souls
Ha-ha-ha-ha-ha-ha
Bye bye

Set out to me, you want to see
How you end up in the ground
Ride out with me, find out and see
How we make it out alive
Set out to me, you want to see
How you end up in the ground
Ride out with me, find out and see
How we make it out alive

Feel the anger inside

There's storm in my mind
Was I wrong to justify
Was I right to rectify
Feel the anger inside
There's storm in my mind
Was I wrong to justify
Was I right to rectify

Kaboom
