Master Of War

Peyton Parrish

Feeling myself trapped again
Will I break away again?
I'll persevere and break the spell
I'm the mighty warrior within

Wake up, are you feeling alive?
Adrenaline is flowing through the depths of my mind
Rise up, the battle's 'bout to begin
Exterminate, eliminate the monster within

Stuck in the dark, suffocating
Empty my heart, bring me to life
I just can't feel anything anymore
I just feel trapped in my head
Stuck in the dark, empty my heart

A viking warrior is coming on out
Like a fury in the wind about to smoke you, no doubt
In my heart, in my soul, I'm gonna crash out this game
I'm gonna hack and slash away until you've spoken my name

Stuck in the dark, suffocating
Empty my heart, bring me to life
I just can't feel anything anymore
I just feel trapped in my head
Stuck in the dark, empty my heart

Hahahahahaha
I shall not be defeated
You are my enemy
And I will seek my revenge
Hahahahahaha
Challenge me
I make my low tall
Master of war
I make my low tall

Enemies falling like dominoes
Killing these raiders with vengeance, ooh
I'm the master of war, are you keeping the score?
I'm about to put you in the dirt
All the thoughts inside of my head
Telling me that I should be dead
But I'm coming alive, as if by design
I'm the ultimate master of war

Do you wanna get a battle going with me?
Do you wanna dance with a master of war?
Do you wanna get a battle going with me?
Do you wanna dance with a master of war?

Stuck in the dark, suffocating
Empty my heart, bring me to life

Stuck in the dark, suffocating
Empty my heart, bring me to life
I just can't feel anything anymore

I just feel trapped in my head
Stuck in the dark, empty my heart

Hahahahahaha
Have you had enough?
Then challenge me!
Master of war

I just feel trapped in my head
Stuck in the dark, empty my heart

Hahahahahaha
Have you had enough?
Then challenge me!
