

War

Peyton Parrish

The battle of the night has come
Rage the hearts of man and steel
As we march the ground to shake
Shields of powerful embrace

Vikings!
This is the night
To fight
Shield wall

This is war!
This is war!

Lands turn into ash embers
Chaos flowing through our veins
Great divine amongst us all
We will fight 'til Valhalla calls

Vikings!
This is the night
To fight
Shield wall

This is war!
This is war!
