

On And On

PFR

Father above
Look upon me now
How I've come this far
Only You know how
You've changed my life
Made me whole
All I am now
To You I owe it all

You are reality
You alone are life
You take a heart so dull
And make it shine so bright
To burn for You
And all You are
A Light in the night
A Guiding star
You are

Here are all my burdens
I lift them up to You
Your words they ease my mind
Your gentleness shines through
Giving us hope
When hope is all gone
Never retreating
Sending us on and on
