

Let me go back  
And do it all over again  
What I know now  
I wish I knew then

There's a pain  
That just will not die

Let me hear you say, it's okay  
Let me hear you say, it's alright  
I could really use some words of comfort  
So I won't be alone tonight  
So I won't be alone tonight

Let me move on  
I've said, I was sorry  
Help me look out  
And see the sun again

'Cause there's a pain  
That someday must die

Let me hear you say, it's okay  
Let me hear you say, it's alright  
I could really use some words of comfort  
So I won't be alone tonight  
So I won't be alone tonight

Let me hear you say, it's okay  
Let me hear you say, it's alright  
I could really use some words of comfort  
So I won't be alone tonight

Let me hear you say, it's okay  
Let me hear you say, it's alright  
I could really use some words of comfort  
So I won't be alone tonight  
So I won't be alone tonight

So I won't be alone tonight  
I don't want to be alone tonight
