

JULIETTE!

pH-1

Run around all inside my brain (Ooh!)
Juliette! (Brr)
I been waiting for your text all night
Oh two can play this game (Game game)
Where you at (Sheesh)
Please don't run away out of my sight
Be my ba-a-a-a-by (Hey! Woah! Hey! Woah!)
Be my ba-a-a-a-by

Why you keep on playin' with my heart like surgery (Ouch)
Got me asking what I did so wrong to have you curving me (What)
Know I used to mess up couple times but I'm for real (I'm for real)
All I need is a chance
Give you something he can't
Girl you know me though, yeah
Be your Romeo, yeah
Push them others to the side
And just call me up (Sheesh)
Hesitation did me wrong
Now I'm here but you're gone
Could've been anything that you want
You're stuck inside my head (Oh!)
I'm rolling on my bed
Thinkin' bout all the things you said
Makes me wish that I was dead
All this money don't mean nothing
When there's no one to spend it
Hop on this whip
My window's tinted
And we riding
I'm tryna make you wifey

Put a ring on it
I don't care what the price is
I promise
No sneaky link or side piece
A relation
I'm running out of patience
Hit me up baby

Run around all inside my brain (Ooh!)

Hey baby
Secret is that I miss u
And when I kiss u
Late night
Got me reminiscing
I should say to you
Hey to you
Playing hard to get

I seem to play with you ohh
And maybe next time
I won't be so shy
I'll tell u all the things I like
I'll show u my bad side
I'll be there like three times of week
It shouldn't matter if outside of that we don't speak
No no
It's just u and me
Floating free
We could be anything
Anything u ever wanted to be
Cuz everything I ever wanted u see
In me yeah
