

LUST (iykyk)

pH-1

Uh, aha, uh
I know this ain't gonna be easy
But I've got to let it out
I can't help but get this feeling
That you don't want me to stop
But I know, yeah
(Something wrong with me, I know I have to stop)
But I know, yeah
(Something wrong with me, I know I have to stop)
Girl you loving my attention
You want all the finer things
Acting like you're single around me
But you never hide your ring
But I know, yeah
(Something wrong with me, I know I have to stop)
Oh, I know, yeah
(Something wrong with me, I know I have to stop)

If I could be honest
I just wanna make a mess
Till I have to go get a new bed
If you know, you know
If I could be blunt girl, yeah
Can I hit it in the morning
Only 'cause we both grown ups
Can I eat it in the morning
If you know, you know, uh, okay

Lust, yeah
I'm lusting on you girl, yeah (On you girl, on you, ooh)
Lust
I'm lusting on you girl (On you girl, on you)
I mean

You knew what I was on
Why you acting brand new?
Late nights, I'm alone
Baby, you should come through
I had enough of the heart to heart
Get to hitting that gushy's all that I'm pouring out
I want you, but it ain't that deep
You want me on my bended knees
I'm so shy, you know what I mean
You so cold baby, that I scream
Now, imagine my body
On top, you should let it ride
We ride
Boy there won't be no heartache
Don't be ashamed of what we do 'cause
I'm loving your attention
Don't leave me alone
I could be your new addiction, uh
Come to me with bad intentions
Ain't nobody near
They won't know how we go about it

If I could be honest (Being honest)

I just wanna make a mess (Make a mess)
Till I have to go get a new bed, uhm
If you know, you know
If I could be blunt girl (Just saying, yeah)
Can I hit it in the morning, ah
Only 'cause we both grown ups (Grown ups)
Can I eat it in the morning, yeah
If you know, you know, uh (If you know, you know, uh)

Lust, yeah (Uh, okay, yeah)
I'm lusting on you girl, yeah
For real (On you girl, on you, ooh)
Lust (Lust, yeah, ooh)
I'm lusting on you girl
I mean, yeah (On you girl, on you, ayy)

Baby, come get naked
You gon have to take it
We don't have no time to waste
Do it through the night and day
Baby, come get naked
You gon have to take it
We don't have no time to waste
Do it through the night and day
