pH-1

Think I don't see what's going on?  
I feel the jealousy when I'm blowing up  
Tryna take me down but no luck  
Pretending like I don't know anything is more fun  
I don't want love I want answers  
I be yellow and ballin like the Lakers  
I don't want love I want answers  
Jesus both man and God  
What does that make us?

I feel like  
Rain Man  
Doing rain dance  
Rain Man  
Doing rain dance  
Rain Man  
Doing rain dance  
Rain Man

Come to my show  
I got drinks, I got links, ooh  
Take the goodie bags  
They all on me, all on me  
She wanna grab my hand and take me outside  
Like some shady place  
I'll probably be hard to find  
Everything done changed up  
My new friends all bankers  
Girls don't wanna hang up  
But the groupies better lay off  
I need real friends and no fakes  
Cus everybody in here all snakes with two faces  
Tatted on my arm for some cool appearance  
Checks cleared, got two Rollies for my parents  
My fam good cus I make moves  
Y'all make crews  
That's slept on like y'all keep on hitting snooze  
Y'all finna lose

I'm saying  
I'm repping too many people  
I got weight on both of my shoulders  
I can count by the kilo  
I'm saying  
Some of y'all don't trust me  
All good though  
Cus my loyalty ain't free

Think I don't see what's going on?  
I feel the jealousy when I'm blowing up  
Tryna take me down but no luck  
Pretending like I don't know anything is more fun

Been through pain  
Pouring rain  
Then I got a H1GHR chain  
Bigger thangs  
I'm with gang  
Things ain't never been the same  
They say that shit is amazing  
Used to record in the basement  
Bro went on show me the money  
Get to the bag only blue faces  
I was dead and gone now I'm two on yeah look alive  
In the brand new coupe go zoom zoom zoom you can't look inside  
Too many old friends calling my phone  
Too many new friends all in my zone  
They don't even know all the things I been through  
Everything I deal with you will you leave me alone  
I been on my lonely I can't trust nobody every day  
Flooded out the Rollie vvsing flex on everything  
Last year I was broke could barely pull up to the corner store  
Benny Hana four for four that level up yeah por favor

I'm saying  
I don't want love I want answers how  
I make it rain a couple hundreds divas turn into dancers  
I'm saying  
I linked with pH on a Thurxday  
I popped champagne for the haters  
They looked a little bit thirsty

Think I don't see what's going on?
