

# 16 Years

Phantogram

16 year in a private ghost chain  
But I know that the miracle changed  
Summertime is a whirlwind away  
And I know that the lights won't invade  
16 years of mechanical joy  
And I know that the lines show the way  
Burn a candle for magical days  
Now I know that the rest is okay

It's shooting light AND I'm feeling again  
Is this love that I'm feeling again

16 years of mechanical joy  
And I know that the lines show the way  
Burn a candle for magical days  
Now I know that the rest is okay

It's shooting light AND I'm feeling again  
Is this love that I'm feeling again
