

Talking to the dead  
Endless sea of marigolds  
Blurring everything I said  
Wrap me up and hold my head  
Take me to the shoreline  
Seasons never change underneath  
And it all comes back to you

If I keep on talking  
Take another pill  
Attaway attaway out  
Words don't kill nobody  
Stars are dying still  
Attaway attaway  
Attaway attaway  
Attaway

Heard it on the morning news  
Woke up and already knew  
Burn this city down to the ground  
It's all the same to me

If I keep on talking  
Take another pill  
Attaway attaway  
Words don't kill nobody  
Stars are dying still  
Attaway attaway

If I keep on talking  
Take another pill  
Attaway attaway  
Attaway attaway  
Attaway

So if I keep on talking  
Take another pill  
Attaway attaway  
Attaway attaway  
Attaway out

Attaway out

If I keep on talking  
Take another pill  
Attaway attaway  
Attaway attaway  
Attaway out
