

# Black Out Days [Remix]

Phantogram

Hide the sun  
I will leave your face out of my mind  
You should save your eyes  
A thousand voices howling in my head

Speak in tongues  
I don't even recognize your face  
Mirror on the wall  
Tell me all the ways to stay away

Away-ay ya  
Away-ay ya  
And stay away-ay ya  
Away-ay ya  
Away-ay ya

[Danny Brown:]

Let's go somewhere private and talk open-minded  
Though my speech slurred and my sight's all blinded  
Vision all blurred, can't hear a word what I say  
Body saying different, mind saying can't stay away  
Out of body experience, I'm just tryna experiment  
And be on something with you like Egyptians with the pyramids  
Serious, mind gone all delirious  
Stare right in the mirror not even no one was feelin it  
I think I might got 'em addicted  
Tryna kick it cause emotions are evicted  
Body say you're missing, but your thoughts contradicts it  
I think that you should listen cause you know that I could fix it  
Heart wait a minute, but your mind saying different  
No way you got time to play so  
If your first thought, I agree you should obey  
I think it's safe to say you should just stay away (stay away)

Stay  
Hey hey hey ah  
Away hey ah  
Away hey ah  
And stay  
Hey hey hey ah  
Away hey ah  
Away hey ah

Stay  
Hey hey hey ah  
Away hey ah  
Away hey ah  
And stay  
Hey hey hey ah  
Away hey ah  
Away hey ah

I'm hearing voices all the time and they're not mine  
I'm hearing voices and they're haunting my mind  
I'm hearing voices all the time and they're not mine  
I'm hearing voices and they're haunting my mind

Black out days  
I don't recognize you anymore
