Feedback Invisible

Phantogram

Knock, knock, knock, knock
Nobody home
I couldn't reach you on the telephone
I learned my lesson playing tic-tac-toe
I'm in a feedback invisible

Billions of people on their
One-track minds
Simulation am I running out of time
I'm feeling everything
I'm standing still
Is it happening
Or is it even real

Get it. Get it. Get it. Go
Feedback invisible
Get it. Get it. Get it. Go
Feedback invisible

Run, run, run, run
No coming down
I sold my soul just to pay for it now
She told me alchemy can turn into gold
And now I'm in feedback invisible

Running circles
A reflection out of time
Catch a string
Just to hang on every line
I'm feeling everything
I'm standing still
Did it happen or
Is it even real

Get it. Get it. Get it. Go
Feedback invisible
Get it. Get it. Get it. Go
Feedback invisible
