

I Wanna Know

Phantogram

Home is a feeling
That you never forget
Dark is a season
But it's not over yet

So I wanna know
How far does it go
Yeah I wanna know

Full
Technicolor
Moving through me in waves
Spill
Through the shoreline
Like I've been here for days

'Cause I wanna know
What's outta control
Yeah I wanna know

Two stars colliding
Is this really the end
My new beginning
Will I see you again

'Cause I wanna know
What it feels like
What's outta control
I'm on the outside
Yeah I wanna know
Deer in the headlights

I wanna know
I wanna know
I wanna know
I wanna know
I wanna know
I wanna know
I wanna know
