

## Me & Me

Phantogram

Tuning out and turning off the red light  
Not giving up, I'm ready for tonight  
So shut your eyes and kiss me one last time  
This ain't the goodbye that I had in mind

Running on my own, own, own  
Like a rolling stone, oh, oh  
Inside, I'm worst enemy  
Outside, I'm fine, honestly  
Next time, won't lie, 'cause, now, I see  
Just me and me, yeah

Never felt so good to be alone  
'Cause crawling in my skin is all I've known  
Made myself so sick and tired  
My hand inside the fire  
Oh, I'm sorry, baby  
I've been feeling strange, yeah

Running on my own, own, own  
Like a rolling stone, oh, oh  
Inside, I'm worst enemy  
Outside, I'm fine, honestly

Next time, won't lie, 'cause, now, I see  
Just me and me, yeah

Running on my own, own, own  
Like a rolling stone, oh, oh  
Running on my own, own, own  
Like a rolling stone, oh, oh  
(Inside, I'm my worst enemy) own, own, own  
(Next time, won't lie, 'cause, now, I see) stone, oh, oh

Inside, I'm worst enemy  
Outside, I'm fine, honestly  
Next time, won't lie, 'cause, now, I see  
Just me and me, yeah  
Inside, I'm worst enemy  
Outside, I'm fine, honestly  
Next time, won't lie, 'cause, now, I see  
Just me and me, yeah  
Inside, I'm worst enemy  
Outside, I'm fine, honestly  
Next time, won't lie, 'cause, now, I see  
Just me and me, yeah
