

# Shotgun Smiles

Phantogram

Here we go (go go go go)  
To denial  
On my way (way way way way)  
Shotgun smiles

I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them

Through the feel  
Of disapproval  
You'll wait me and I know you right  
What feeling is mutual?

I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them

Shaking hands with the devil  
Having laughs with the devil  
Blowing all with the devil  
Making love with the devil  
Making love with the devil!

I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them  
I'll tell you how to get them
