## Phantogram

A world  
A world inside  
I can't find the heart to lead  
Cause the knife is out  
The feeling that I had  
Was all because you said

It's alright  
I've been sleeping  
For the recent  
Cause it tells me what  
To do

So Jenny  
It's gonna be okay  
You got your puzzles on your mind  
I got my shoes untied  
The feelings that we had  
Were all because you said

It's alright  
I've been sleeping  
For the recent  
Cause it tells me what  
To do  
I've been sleeping  
For the recent  
Cause it tells me what  
To do  
To do

A world  
An empty sky  
It's been running through my mind  
It's been running through my mind

I'm hearing voices all the time  
I'm hearing voices, they're not mine  
I didn't want to do it  
What I have done to you  
What have I done  
What have I done to you

I've been sleeping  
For the recent  
Cause it tells me what  
To do  
I've been sleeping  
For the recent  
Cause it tells me what  
To do  
Been sleeping  
For the recent  
Cause it tells me what  
To do  
To do  
To do

To do  
To do
