

# Mega Bros Theme Song

Phantom Planet

Hi, I'd like to introduce myself, my name is Eric Einstein, and this is my brother, Peter  
I could've introduced myself. Thanks, Eric  
That's Peter Einstein  
We're in the Valley

They what? Uh

Who let out the dog?  
Uh-oh

So...

Here's the story 'bout two roundmouth brothers  
Shared a famous dad, but got different mothers  
Descendants of the MC squared  
We got all the other brothers scared  
A family tree of relativity  
Now we hit the streets to drop an A-bomb beat  
Believe me now, no need to fear  
We didn't write no words here

So, hurry up! Here we come!  
We got y'all on the run!  
So, catch us, if you can! (Say what?)  
From Cali to Japan (Konnichiwa)  
Hurry up, here we come!  
And we got y'all on the run!  
Catch us, if you can!  
From Cali to Japan (Make it work!)

We're real high rollers, and it ain't no joke  
We're sponsored by Adidas and Diet Coke  
We're flying coast to coast on a private jet  
Running up the national debt  
And it'll go, "you got a real fine mom"  
Know a magic trick, so touch my magic wand  
We're seeing real fine ladies in our Rorschach blotches  
I hope you all synchronize your swatches  
No wrong way to do it, like a Reese's cup  
Don't make our bros come to fuck you up!  
Now, my name is Eric, strike my hair up tall  
And I am Peter, I'm kind of slow on chorus!

Hurry up, don't be late!  
The show is gonna be great!  
We'll make a brother take the change!  
From Moscow to Bombay!  
So, catch us, if you can!  
Now we're in Thailand!  
Really wanna taste your rice  
Would feel very nice  
"Gracias" is all I know  
We're not in Mexico  
Oh-oh oh-oh-oh  
Oh-oh oh-oh-oh

I wear a bandana!

Chemical Brothers

I wear a bandana

Not the Baldwin brothers!

Not the Warner brothers!

Not the Warner brothers!

Not the Warner brothers!

Not Justice brothers!

And next, we're gonna make a movie at Warner Brothers

From different brothers!

We're in the valley

Rapping in Cali

Yeah, this track is done

Here's a word from my Pops:

"I think the boys are just great"

Say something

This has been Eric Einstein and Peter Einstein

"I think you boys did real well"
