

Dead Or Alive

Phantom

You can run, there's no hiding
Infrared eyes search for human prey
Icy swear coldly sliding
Killing machines sent out to terminate
Dead or Alive

Hunted men take no chances
Sane or insane it's a razorhead line
Death machines' loser lances
Kill without pity as two worlds collide
Dead or alive

Somebody please tell me I'm dreaming
Hunting machines are not far behind
Can't you hear it laughter or screaming
or am I slowly losing my mind
Dead or alive

Hunted men take no chances
Get a grip if I am to survive
Killing machines, this is madness
I don't know if I'm dead or alive
Dead or alive
