

Falling back through the years
When time still held me tight
Oh what now I notice

Mistakes are on my mind
Can't leave the past behind, no way
Shadows dancing from the smoke

Get up
Got to soldier
Move it forward
Go up in a blaze
Your heart is softer
Fire and boulder
Go up in a blaze
'Cause I can't stand to live this way
So once I'm gone, I'm gone okay
Your heart is softer
Fired and bolder
Go up in a blaze

Get up
Got to soldier
Move it forward
Go up in a blaze
Your heart is softer
Fire and boulder
Go up in a blaze
'Cause I can't stand to live this way
So once I'm gone, I'm gone okay
Your heart is softer
Fired and bolder
Go up in a blaze

Got to soldier
Move it forward
Go up in a blaze
Your heart is softer
Fire and boulder
Go up in a blaze
'Cause I can't stand to live this way
So once I'm gone, I'm gone okay
Your heart is softer
Fired and bolder
Go up in a blaze
