

No Reason

Phantoms

Hear me out
I won't let them bring us down
Ah, here and now
Pretend there's no one else around

We don't need no reason
We don't need no reason

We don't need no reason
We don't need no reason

Hear me out
I won't let them bring us down
Ah, here and now
Pretend there's no one else around

We don't need no reason
We don't need no reason
