

## Want To Know

## Phantoms

Insomniac, my heart ain't switching off I'm here again  
Spiral out of control, lose my head  
Like I'm walking on a tight rope  
I ain't sleeping alone

I know I said I wasn't ready  
Too unsteady way to comfortable  
I'm thinking that your touch could change me  
Got me crazy, I can't let it go

All I want to know  
If I'm ever on your mind?  
If I'm ever on your mind?  
Cause lately you've been on mine  
All I want to know  
If I'll ever call you mine?  
If I'm ever on your mind?  
Cause lately you've been on mine

All I want to know...

Reel me in, I'm reading all the signs stop stuttering  
I don't got the time to fall again  
If you ain't all about it I ain't going all in

I know I said I wasn't ready  
Too unsteady way to comfortable  
I'm thinking that your touch could change me  
Got me crazy, I can't let it go

All I want to know  
If I'm ever on your mind?  
If I'm ever on your mind?  
Cause lately you've been on mine  
All I want to know  
If I'll ever call you mine?  
If I'm ever on your mind?  
Cause lately you've been on mine

All I want to know...

It's not what you say say say  
It's what you do do do  
Ain't gonna wait wait wait wait for you  
It's not what you say say say  
It's what you do do do  
Ain't gonna wait wait wait wait for you

All I want to know  
If I'm ever on your mind?  
If I'm ever on your mind?  
Cause lately you've been on mine  
All I want to know  
If I'll ever call you mine?  
If I'm ever on your mind?  
Cause lately you've been on mine

All I want to know...
