

## Temple of Love

Pharao

Wonderland...Far beyond reality  
But... so close to your heart.  
The temple of love  
The temple of love (the temple of love)  
Is the place to be (is the place to be)  
Where we can come together  
The temple of love (the temple of love)  
Is the place to be (is the place to be)  
Where we can live in peace and harmony  
I've been searching high and low for this feeling  
Across the deep blue sea on my wings of gold  
I'll show you things you've never seen before (Never  
seen before)  
Every wish you've been dreaming of  
Will come true, come true in the temple of love  
Uh oh oh  
The temple of love (the temple of love)  
Is the place to be (is the place to be)  
Where we can come together  
The temple of love (the temple of love)  
Is the place to be (is the place to be)  
Where we can live in peace and harmony  
Wonderland...Far beyond reality  
But... so close to your heart.  
The temple of love  
I'll show you things you've never seen before  
(never seen before)  
every wish you can dreaming of  
will come true (come true)  
in the temple of love  
The temple of love (the temple of love)  
Is the place to be (is the place to be)  
Where we can come together  
The temple of love (the temple of love)  
Is the place to be (is the place to be)  
Where we can live in peace and harmony
