

## 24 Hours

Pharoahe Monch

Give me my motherfuckin' money  
I want my goddamn money  
In 24 hours you better have my money  
I got bills and shit, I need medicine  
Roof over my head, Con Edison  
I need it  
I want it

In '99 I caught a case for a rhyme, rape charge  
Cut a Klansman's face, slashed his throat with the race card  
Lyrically intergalactic  
When I arrange to properly wait between my words, spacebars  
Don't make me show you pictures of your daughter's grade school location  
Your teenager goes to Queens Vocational  
You? Wall Street occupation  
Me? I'll occupy Wall Street like the protest just to discuss interest rates  
and inflation  
Not stocks and bonds, but  
Contusions and knots, fractions and blood coagulation  
My medication is next to go  
But I'ma get it out of Canada or Mexico  
I need cash in hand with extra dough  
For my albuterol and my Lexapro  
Give me my money

Give me my motherfucking money  
I want my goddamn money  
In 24 hours you better have my money  
I got bills and shit, I need medicine  
Roof over my head, Con Edison  
I need it  
I want it

Now they gon' make me drop a name on 'em (Say what?)  
Totally inflict pain on 'em (Say what?)  
I'ma get insane on 'em  
They sayin' I'm sick so I'm a sick Lil' Fame on 'em

You got 24 hours to pay me my bread or you don't owe me nothing (Ante up!)  
'Cause when I see you, you gon' get yo' head busted  
I don't care if they rob Peter just to pay Paul  
Peter gon' fuck around and get his ass Peter Rose  
Scratch a match, burn that bitch for clownin' with Jamal  
Taxiderm that bitch and mount him on the wall (Okay)  
Time tickin'  
All you gon' hear is that nine clickin'  
I'm tryna get rich or die tryin'  
Got my niggas speakin' to my son like  
{Don't worry, Claude, you gon' get them Sneakers} (That's right)  
That's what a nigga get for fuckin' with them leeches (Oh)  
Could've furnished your crib with all the deluxe features (Oh)  
Captain underground, you are just a lieutenant (Nigga)  
I'm a Brownsvillain with a chest full of ribbons (Nigga)  
It was 23 hours and a couple minutes  
I threw that bird into a safe, she had my money plus interest  
I said

Give me my motherfuckin' money  
I want my goddamn money  
In 24 hours you better have my money  
I got bills and shit, I need medicine  
Roof over my head, Con Edison  
I need it  
I want it

I need it  
Want it  
Need it  
Want it
