

# Caged Bird Free

Pharrell Williams

Here's my ideas, cry me  
There's my signature, it's tiny  
Man, I had the law behind me  
Had to come where they can't find me  
I bought a small beach house that's hidin'  
Behind the glove, the ink is drying  
Too long, feels like a beach of clouds  
Welcome to my silver lining

I saw this boat coming in  
Thought to myself, "She's mine"  
Barely spend dough with my tight circle of friends  
And sell conch shells, I'll be fine  
My new watch says, "Margarita time"

I feel like a caged bird free  
Flippin' off in the air  
Is this real life? Feels like I won the lottery  
Like when you switch it off  
'Cause over here I'm a billionaire

I used to be a rake from the trailers  
Who wanna be rich like the folks in Seville, yeah  
Eight grade drop out in school, a failure  
My mom's a clerk, my dad is a sailor  
You may have heard we robbed a family  
Privileged people, fine and dandy  
Took my cut, gave a piece of the convent  
And then the rest went to my accomplice

I saw this boat coming in (Saw this boat coming in)  
Thought to myself, "She's mine"  
Barely spend dough with my tight circle of friends  
And sell conch shells, I'll be fine  
The boat's name is Margarita Time

I feel like a caged bird free  
Flippin' off in the air  
Is this real life? Feels like I won the lottery  
Like when you switch it off  
'Cause over here I'm a billionaire

Hey, look at me
